

LIVE WEBINAR

CRITICAL INCIDENT MANAGEMENT: DOCUMENTATION, EVIDENCE HANDLING, & COLLABORATIVE PROTOCOLS

March 18, 2025 | 1300 - 1500 EST

COURSE DESCRIPTION

This comprehensive webinar provides professionals in law enforcement, forensics, and related fields with the critical tools and knowledge needed to ensure successful crime scene investigations in the most critical of incidents. From initial documentation and evidence handling to working with autopsies and maintaining investigative cohesion, this webinar covers the essential protocols and procedures to enhance your investigative practices.

Why Attend?

- Learn proven strategies for accurate crime scene documentation
- Understand how to preserve and handle various types of evidence
- Enhance your skills in managing autopsy information and collaborating with forensic experts
- Improve coordination across agencies and departments involved in investigations
- Gain hands-on insights into the standards of evidence collection in complex cases

Join us to learn the tools for better scene management for officer involved incidents and other critical incidents!

WHY CHOOSE US?

Our specialized training and resources bridge the gap between generic leadership courses and traditional forensic technician training, equipping you with the skills and knowledge needed for professional development in your forensic career.
