OR CONTACT HEIDI SIEVERS AT
SIEVERSFORENSICS@GMAIL.COM OR 727-247-
4075**

COST: \$400 PER STUDENT

COURSE INFORMATION

This course focuses on the detection and enhancement of latent bloodstains, including documentation and preservation methods. Students will be exposed to various chemical presumptive tests, and enhancement and detection chemicals. Students will also be tasked with photographing their results.

It is recommended that students have previously completed a basic crime scene processing workshop course or have experience in the field. Students will need to bring the following equipment, if possible: DSLR camera, tripod, macro lens, and external flash.
