

FDIAI REGION 3 TRAINING

HOMEMADE EXPLOSIVES: AWARENESS, RECOGNITION & RESPONSE

PRESENTED BY: **NEW MEXICO TECH.**

3/2/2022

0800-1600

LOCATION:

Sarasota County Sheriff's Office
6010 Cattleridge Blvd
Sarasota, FL 34322

The HME course provides first responders with information on general explosive characteristics and hazards, homemade explosive precursor materials, homemade explosive manufacturing indicators, and Improvised Explosive Device (IED) components. Additionally, the course teaches first responders how to identify a homemade explosive laboratory and how to establish scene safety and security in such an incident. First responders are also presented information regarding community awareness and education programs related to homemade explosives. This information better prepares first responders to recognize hazards associated with homemade explosives during response operations.

Learning Objectives

- Recognize explosive physical characteristics and hazards.
- Identify Homemade Explosive (HME) precursor materials and manufacturing equipment.
- Identify Improvised Explosive Device (IED) components and manufacturing indicators.
- Recognize Homemade Explosive (HME) laboratory indicators.
- Identify scene safety and security procedures at a Homemade Explosive (HME) incident.

Masks recommended, but not required.

Please RSVP by 02/15/2022
