

A Message from the President

April 2000

Fellow Members,

When we entered our selected vocation, we obligated ourselves to perform at the highest possible level. To maintain this level of competence, continued training and study is necessary to be thoroughly familiar with the latest development in our chosen field.

I am really excited about putting the FDIAI on line with a web sight. Within the next few weeks, a new chapter in our organization will open. **STAY TUNED.**

The upcoming Board of Directors meeting is scheduled for May 20th, at the Melbourne Hilton. We will be discussing a number of topics, including the 2001 IAI Training Conference in Miami, Florida.

Congratulation to Janice Johnson – 4th Vice-President and James Getterny – Chairman of the Board of Directors for the International Association for Identification.

A special thank you goes out to Reggie and Siony Chew for the video and pictures that appeared in the last newsletter.

At this time we are still in need of a director for District 1. This is an opportunity to become involved and to give direction, so in the coming weeks you will be hearing from me for your support in filling this position.

In closing, I would like to encourage all of you to become more active in your Districts. Your suggestions and comments to improve this organization are welcomed.

Vincent J. Chew
President
