

A Message from the President

April 2002

Fellow Members,

Greetings and welcome to the FDIAl's Newsletter. Our members strive to provide the best there is in forensic services. This newsletter is one example of those efforts.

We have now completed the first quarter of the year. There have been no further attacks on our cherished land. Our struggle against terrorism has had its cost in lives and material. It is the price we must pay for freedom. Another price is the effort to keep one step ahead of the criminal element. Our members maintain that one step by belonging to organizations such as ours, by training and by sharing the knowledge that they have with others. We need the current members to recruit new people to join our ranks, to be active in our organization, and to submit material to the Editor for the Newsletter. Involvement is the key word - with it we remain strong and viable.

We have two fantastic opportunities coming up to expand our training and knowledge—the IAI conference in August, which is being held in Las Vegas, Nevada August 4-10 and our own training conference in November which will be held in San Destin, Florida November 3 - 7. Try to attend even as daily registrants. The training you will receive is well worth it.

Harold Ruslander
President
