

PRESIDENT'S MESSAGE

Fellow Members:

I would like to thank all of you for allowing me to serve as your 36th President. I would especially like to thank the Metro Dade Police Department.

This is your organization and I would like to encourage each and everyone of you to become more involved in our organization. I would like to thank all of you that expressed an interest in serving on a committee. I plan on having our committee appointees become more active in participation within our organization, i.e. education and training.

Being members of the F.D.I.A.I., we are in the profession of Scientific Identification and Investigation. In order to complete the mission, we must dedicate ourselves to the efficient and scientific interest of justice and the Betterment of Law Enforcement. We must protect the ethical standards of our profession.

The 36th Annual Educational Training Seminar provided the finest Educational Program that I have ever seen. We had over 350 in attendance. Our first "Evaluation and Comparison of Latent Prints" workshop was outstanding. I am committed to see us grow upon the foundation that has been laid. I will do everything possible to see that you are provided with quality training and education.

Our membership is over 700 and continues to grow, and with your help, I will make this organization the best in the IAI.

Sincerely,

Thomas G. Fadul, Jr.
President
