

A Message from the President

Fellow Members:

Do not forget to mark down on your calendar that the week of October 19 is our 38th Annual Training Seminar to be held in Palm Beach Gardens! The Seminar Planning Committee has been working diligently on this seminar to provide us with another exceptional training opportunity! Refer to this newsletter for information regarding this seminar.

The District Directors have been great this year. District meetings are being held and our membership is increasing. It is wonderful to see active members in this Association. Keep up the good work!!!

If anyone is interested in running for office, you are encouraged to contact Chairman Thomas Fadul at 305-471-3333. If you are interested in a 1998 committee appointment, please contact First Vice-President Jay Mullins at 407-688-4290.

I would like to remind those of you that will be attending the IAI Conference in Danvers, Massachusetts that we will be holding a caucus. I will post a sign on the bulletin board announcing the date and time. See you there!

Sincerely,

Deborah L. Fischer
President
